

**FL Technics** is a global provider of aircraft maintenance, repair and overhaul (MRO) services. Through speed, knowledge and innovative solutions, we aim to build a safer aviation world. With the team of over 1.200 professionals operating at modern hangars and shops in Lithuania, Indonesia, China and within the extensive network of line maintenance support across Europe we serve customers from Europe, the CIS and Russia, Asia-Pacific and Africa.

We are looking for a **Finance controller** to support our subsidiary **Flash Line Maintenance** SRL in finding new ways to improve efficiency of financial processes and reporting. You will be based in **Italy** (Fiumicino airport office) and report to Director in Italy the same time working closely with the Group Finance function based in Lithuania. The role will also cover work with the Italian outsourced/in house accounting and tax services firm and other advisors on a variety of aspects.

**What You may expect:**

- To enforce Group policies/reporting requirements/processes into local practice;
- Group Reporting package filling (monthly/quarterly/annual) and communication with Parent company;
- Control accuracy of financial and management reports prepared by the accountant (outsourced/in house);
- Analyze financial and business data and take an active part in reporting and accounting processes improvements and control;
- Participate in budgeting and forecasting processes;
- Provide support to business and accounting during the period closing process;
- Various Ad hoc business and financial analysis – every day brings new challenge!

**Whom we are looking for:**

- University degree in Economics/Finance/Accounting or similar;
- Experience of at least 2-3 years in similar field (financial accounting, reporting, financial analysis, controlling or audit in BIG4 firms), preferably in international company;
- Good general understanding of accounting (local Italian GAAP and IFRS), reporting and overall tax requirements;
- Analytical thinking and attention to details with ability to see the big picture;
- Good communication and planning skills – ability to be an active team player and a solid business partner;
- Advanced MS Excel user (Navision and Qlikview knowledge would be an advantage);
- Fluent English skills (Italian and Lithuanian both together would be significant advantage).

**We offer to You:**

- All opportunities for professional and personal growth;
- Opportunity to work in a vibrant international and ever-growing aviation business environment;
- Support of professional and skilled colleagues working remotely in LT;
- Competitive salary (based on work experience, competence, and compliance with other job requirements).
